

SAMBANA

Hacienda Sambana

Andalusia, Spain

Our Mission

We want to invite people to enjoy all the beauty Sambana has to offer, as a home as well as a wedding and party venue. We are passionate about applying our expertise and knowledge of the hospitality and event industry to strive to create the perfect location and setup for all celebrations.

A scenic view of a red house with white columns and a large tree. The house has a red stucco exterior and white window frames. A large, leafy tree with a thick trunk and dense foliage stands in front of the house, casting shadows on the ground. To the left, a small white columned porch with a tiled roof is visible. The ground is covered in fallen leaves, and a low stone wall is in the foreground. The overall atmosphere is warm and rustic.

The

House

The living quarters exude grand spaces, rustic charm & outstanding views of the surrounding countryside.

The house is wrapped around a beautiful botanical courtyard which lends itself to intimate gatherings. Stunning artwork lines the walls, with each piece of furniture chosen to accent the beauty of the architecture.

Retiro Sambana boasts 9 bedrooms which are available for guests. 7 ensuite, 2 with shared bathrooms. Most of the rooms can be adapted to client needs, the beds can be Super King or Twin and we can add in Junior Beds and Cribs on request. We can currently sleep up to 21 adults.

Outside

A large outdoor terrace lines the front side of the house with views of the pool and the stunning scenery beyond.

400 Hectares: Just minutes from the entrance you can find yourself in the hidden olive grove with views over the lake, a popular place for a wedding ceremony. Walk around the grounds and you'll find a loved vegetable garden which guests are welcome to use. Take a longer walk and discover the hilltop artwork, the stables and an abundance of animals native to the area.

Weddings

Sambana boasts a number of stunning spots to be utilised for an incredible destination wedding.

From the lakes to outstanding views of the Andalusian hills, the space is there for you to design your own journey for the day, with various standout locations to host a ceremony or reception, we encourage guests to explore the surrounding areas to

find their perfect spot. The lower terrace courtyard lends itself from intimate gatherings of 20 up to 200+ guests, so we recommend having the dinner and dancing down in this area.

Parties

Sambana is an incredible location for a party.

The vast area of land surrounding the house means there are no neighbours, so loud music can be played into the early hours of the morning. The pool area is the perfect location for a daytime celebration, whereas the outdoor terrace is a fantastic area to dance away into the night.

Our team can assist with additional services such as; sound and lighting production, photographers, catering, transport as well as offer outstanding music and entertainment options for all sorts of celebrations.
